Meals:

The hotel provides breakfast for the students, and the host families provide meals on the weekends. Students should be prepared to provide for all other meals.

Transportation to Hirosaki:

Students are required to arrange their own travel to and from Hirosaki for the program; the HiroGaku SIJ program advisor will provide detailed guidance for this travel. Students coming from the same area in the U.S. should collaborate to travel together.

Program participants should plan to arrive in Hirosaki on June 1 or 2 and depart Hirosaki on June 29 or 30. Traveling around Japan after the program concludes is certainly encouraged.
